WEEKLY KANSAS CITY STOCK MARKET REPORT

KANSAS CITY Stock Yards, Sept. 16.—Cattle receipts today were 36,000 head, market steady, nothing prime offered, best steers worth around \$19. Hogs today numbered 10,000 head, market 10 to 15 higher, top \$20.65. Sheep and lambs sold steady to strong top lambs early, \$17.15, receipts 15,000 head.

BEEF CATTLE

There were many late trains today and everything sold as fast as it arrived. Steer prices are 10 to 25 cents higher than a week ago, with prime quality steers worth \$19 or better, wintered Kansas grass steers up to \$17.50, medium grass steers \$10 to \$15, light weight steers \$8.50 to \$13. Packers slaughtered here last week 53,000 cattle including calves, which was a new record week for them in point of numbers. They have shown for the past ten days, that they have immense orders for beef and the yards were cleaned up better last week than any week before this season, although receipts for the week were 105,000 head, including 14,000 calves, the biggest run this year. Cow prices were off 25 to 40 cents the first part of last week, but practically all of the loss was regained Thursday and Friday. Calves did not recover any of their early loss of 50 to 75 cents, veals selling at \$10 to \$12.50.

STOCKERS AND FEEDERS

Shipments out last week were 36,000 head, an increase of 10,000 over previous week and 2000 more than during the same week last year. Corn in Iowa and in states east of the Mississippi is now safe from frost and demand from those states is strong. Feeders sell at \$11 to \$15.75, stockers \$7.50 to \$12.25, stock cows and heifers \$6 to \$8.75. A good many common stock steers are coming and these are 25 to 50 cents lower than ten days ago.

HOGS

Best hogs have been selling at \$20.50 to \$20.65, the latter top price today, for several days, packers paying up to the extreme top every day including today. There are a good many common hogs included in the run and bulk of sales has a wide range running from \$19.30 to \$20.40 today. The top price today was equalled one day last week, otherwise that is highest price on record here for hogs. Stock pig trade is active and sales are 25 to 40 higher today at \$17.50 to \$19.25. Commission men here have orders for many thousands of stock pigs and owners of pigs can safely count on a good outlet for them on the public market at any time this fall, according to the present outlet.

RIDDING THE RANGE OF RAVAGING ROGUES

It is estimated that the Bureau of Biological Survey of the United States Department of Agriculture is saving annually over \$5,000,000 worth of live stock for the ranchers of the Rocky Mountain section as a result of its intensive campaign against predatory animals, which has been in progress during the past three years. During this period 60,458 coyotes, 8,085 bobcats, 1,829 wolves, 201 mountain lions and 137 bears have been trapped or shot, and many other animals have been poisoned. The income from the sale of pelts of animals killed by government hunters to protect live stock during the last year will aggregate \$100,000. This work is of special importance, because the cattle and sheep which are already on the range producing meat, wool and leather are afforded protection, and thus the actual sources of these essential commodities are being conserved for market. Furthermore clearing the range of predatory animals is making conditions more favorable for stocking the grazing areas to full capacity and for improving the quality of the breeding stock.

TO FIGHT DROUGHT WITH IRRIGATION

"Water on our lands during 1917 and 1918 would have meant thousands of dollars to this county, to the farmers, and to the city people," the executive committeeman in charge of irrigation in the Flathead County Farm Bureau, Montana, writes. The Flathead County Farm Bureau is determined that the drought conditions of the present season shall not be repeated and has made irrigation one of its major issues of work for the year. Different localities will handle the problem in different ways. Irrigation in this valley will make it possible for the farmers to change from a straight grain farming to the practice of a diversified system employing live stock as well as the necessary crops.

SHEEP AND LAMBS

A single packer bought up all the good Utah lambs early today at \$17.15 and Nevada at \$16.75, leaving the other packer buyers in competition for the late arrivals with the prospect that \$17.25 would be paid. Early wires from Omaha reported fat Westerns selling there at \$17 to \$17.10. Native lambs sell at \$14 to \$16. Fat western ewes sold at \$10.50 today, feeding ewes \$9.00, feeding lambs \$15.25 to \$16.75.

JOSEPH B. PETERMAN ANXIOUS TO START

The letter following will be of great deal of interest to the many friends of Joseph V. Peterman, formerly of Oatman, Mr. Peterman was one of the trusted employees of the Tom Reed Reed Company at the above place, having been for a number of years, foreman of the melting room. The letters explain themselves and to add to them when one knows Joe Peterman, would seem to us an unnecessary endeavor, as Joe numbered his friends by the number of acquaintances.

From Local Board Orange County No. 1, Santa Ana, Calif., to Local Board, Kingman, Arizona.

Subject: Case of Joseph V. Peterman.

Your registrant, Joseph V. Peterman, Serial No. 877, Order No. 280, whom we sent to Camp for you early last fall and who was subsequently rejected because of his eyes, appeared at our office today and stated that at his own expense he had an operation performed on his eyes so that he could qualify for service, and requested that we re-examine him and forward his papers to you.

This we have done, and we are enclosing his papers herewith. The examining physician has qualified him for full service, and if your Board sees fit to do the same, Mr. Peterman would like to be sent to camp on your next call.

Will you kindly advise us of your action in this matter?

Yours very truly
Division No. 1 for the County of Orange, Santa Ana, Cal.
C. J. DUNHAM,
Chief Clerk

Mr. S. Withers,
Friend Sam:—
I am writing to you to ask you to do me a favor.

I would like you, if you can, to help me get back into the Service as soon as possible. Under separate cover I am making an application to the Board for induction. I will state my case to you in as few words as possible. On July 1st I applied at the Army Recruiting Office in Los Angeles for enlistment. The doctor there informed me that if I had an operation performed on my eye he would accept me. On July 7th the operation was performed at my own expense and was very successful. Last week I went back to the Recruiting Station but as all enlistments are closed they couldn't accept me, but told me to apply to my draft board for re-examination.

I presented myself today to the Orange Co. Board, No. 1, who examined and passed me. Now Sam, could you let me know what the chances are for me to get back into the Service immediately.

I am anxious to go and hope that I won't have to wait long.

If anything I ask is in violation of any regulations of the draft, I beg your pardon for asking it.

But if you can help me I will deem it a great favor. Thanking you in advance and with best wishes for your health I am

Yours sincerely
JOE PETERMAN

YOUNG FARMERETTE DRAGGED TO DEATH

A young farmerette, Miss Berta Jane Edwards, was dragged to death at the ranch of her parents in the Swisshelm mountains, last week Wednesday. She was driving a wagon on which a hay rack had been placed and accidentally ran over a cactus and breaking the wagon tongue. The horses became frightened and ran away. The young woman was thrown between the broken tongue and double-trees and dragged a long distance before rescued. One of the horses had her skull. She was unconscious when picked up and died soon after.

UNQUESTIONABLY
Millicent: What do you call him—the man who directs the staging of a play?
Fanny: Why, stage coach, of course.

AFTER THE HONEYMOON

She asked in accents sweet and low, "what makes the sea, dear, murmur so?"

He answered, "Cause it hears a lot Of this romantic loving rot!"

We are coming, "Black Jack" Pershing!
